The town of Norway is made up of several grants, the principal of which were once known as Rustfield Plantation, Lee Grant and Cummings Grove. These, with several tiers of lots from Waterford were olidated and at first called Rustfield, and finally, March 9th, 1797, incorporated into a town and called Norway. After the close of the war for independence, the returned soldiers from the towns nearer the sea coast began to invade the wilderness with the view of hewing out home for themselves, and for their posterity. Having, from long service in the patriot army, became inured to the hardships and privations of camp-life, they were well prepared to become the pioneers of a settlement in the wilderness. The fertility of the soil around the great pond, as shown by the luxuriant growth of the forest trees, attracted the attention of hunters from the town of Gray, and they resolved on making settlement, and in 1786, five men, viz THE RAILWAY LOAN. OLIVER DITSON & CO., Boston, J. E. DITSON & Co., Successors to Lee & Walker, Phila. 25 to 40 Bushels RYE OR WHEAT

PER ACRE, PRODUCED BY THE STOCKBRIDGE MANURES. WHEAT.

THE high price of flour, compared with other produce, should lead every farmer to put in a field of wheat this Fall. No crop will pay him better, and wherever sown in New England the past year, it has done remarkably well. If you have not sufficient stable durg, use the Stockbridge Wheat Manure, at a cost of \$4.6 per acre, producing from 25 to 40 bushels, according to soil and season.

CROPS of Rye are now being harvested, yielding from 25 to 46 bushels of good Rye which were nown on the Stockbridge alone, at a cost of only \$11 per sore for the Rye Manure. It has given such excellent satisfaction that every far-ner intending to sow Rye should use it, even if only in a small way.

THE fall is the time to seed. The Stockbridg See ding-Down Manure produces a vigorou growth of grain, and is very latting in its effects. Ar Orders filled at a few hours' notice. Pamph lets mailed free. W. H. HOWKER & CO., 6139 Sole Agents. 43 Chatham St., Boston. STOCK

FROM A MERCHANT.

NORTH SEAISMONT, ME., Sept. 9, 1870.

Dear Sir—It gives me very great pleasure to inform you of the benefit received from the use of PE.

RUVIAN SYRUP in my own family. My wife, for the past ten years, has been in feeble health—very much debuilisted generally. Last springs due concluded to try a bottle of FERUVIAN SYRUP, and was so well pleased with the result, continued its use until three or four bottles had been used, and she is now in better health than at any time for ten years, and has increased in weight from 110 pounds to 136]. I have employed physicians, and used a great variety of patent medicines, to the extent of hundreds of dollars, and I know she received more benefit from the PERUVIAN SYRUP than all the rest together. RESTORED to COMPLETE HEALTH: RESTORED to COMPLETE HEALTH:
BENOMS, Mr., Sept. 7, 1870.
Dear Sir—From early youth I was in feeble health, troubled with humor in my blood, weakness and debuilty of the system generally; was unable to labor much, and only att some light business, and tree only with great caution. Seven vears ago the past Spring I had a severe attack of Diphtheria, which left my limbs paralyzed and useless, so I was unable to walk or even att up. Noticing the advertisement of PERUVIAN SYRUP I concluded to give it a trial, and to my great by acon found my health improving. I continued the use of the SYRUP until three bottles had been used, and was restored to complete health, and have remained so to this day.

I attribute my present health entirely to the use of mained so to this day.

I attribute my present health entirely to the use of PERUVIAN SYRUP, and hold it in hish estimation, cannot speak too highly in its praise. I have in several cases recommended it in cases very similar to my own with the same good results.

Yours truly,
